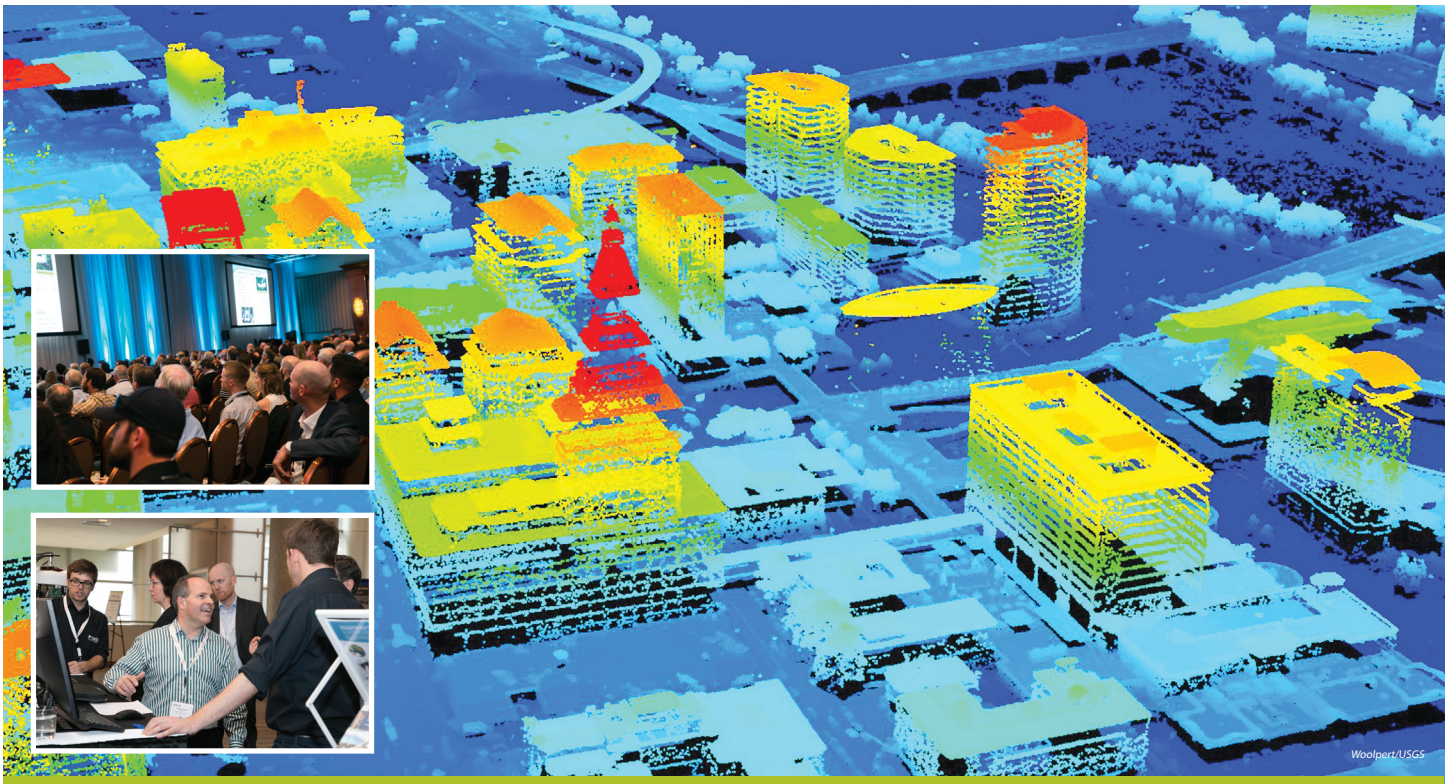
International LiDAR Mapping Forum

asprs
THE IMAGING & GEOSPATIAL INFORMATION SOCIETY

FEBRUARY 5 - 7, 2018
DENVER, COLORADO



BETTER TOGETHER

2 Conferences + 1 Exhibit Floor

More education, networking & technology than ever before!

FROM FEBRUARY 5-7, 2018, THE INDUSTRY WILL DESCEND ON DENVER for what's certain to be the single largest gathering of geospatial professionals in North America—ever. For mapping professionals, there's no better place for technical education, networking and sourcing geospatial solutions all in one place than at ILMF-ASPRS 2018! They'll be comparing and qualifying solutions. The only way to be sure yours are being considered is by exhibiting.

BETTER TOGETHER. The combined event will feature a single exhibit hall and inclusive social activities. The events will maintain their unique technical programs, including ILMF product previews and ASPRS workshops, awards, and committee meetings. Attendees will be able to purchase a conference pass that allows entry to programs of their choice, or they may choose a universal pass that allows entry to all programs.

WHAT DOES THIS MEAN FOR YOU? **More leads. More exposure. More business.** Book your space today!

GOLD LEVEL | $4,250

Price includes:

- 10' x 8' Exhibit space
- Draped table, 2 chairs, wastebasket
- 50 word company description in the Conference Guide (mobile app)
- 1 Product Preview
- 4 full conference staff registrations

SILVER LEVEL | $3,135

Price includes:

- 10' x 8' Exhibit space
- Draped table, 2 chairs, wastebasket
- 50 word company description in the Conference Guide (mobile app)
- 2 full conference staff registrations
